SAN FRANCISCO & FORT WORTH, Texas--(BUSINESS WIRE)--Feb. 15, 2023-- TPG Inc. (NASDAQ: TPG), a leading global alternative asset management firm, reported its unaudited fourth quarter and full year 2022 results. TPG issued a full detailed presentation of its fourth quarter and full year ended December 31, 2022 results, which can be viewed through the Investor Relations section of TPG's website at [shareholders.tpg.com](http://shareholders.tpg.com).

"Since TPG's IPO early last year, we've navigated markets with more disruption and volatility than we've seen in over a decade. Against this challenging backdrop, we surpassed what we set out to accomplish in our first year as a public company," said Jon Winkelried, Chief Executive Officer. "We finished 2022 with total AUM of \$135 billion, which increased nearly 20% year-over-year, driven by \$30 billion of new capital raised across our platforms. We also delivered strong financial performance in 2022, with fee-related earnings of \$454 million, which grew 39% from pro forma 2021. We believe our solid results through such a volatile year demonstrate the durability of our franchise, and ensure we remain well-positioned for long-term growth and diversification."

### Dividend

TPG has declared a quarterly dividend of \$0.50 per share of Class A common stock to holders of record at the close of business on February 27, 2023, payable on March 10, 2023.
