

TPG Reports First Quarter 2025 Results

May 7, 2025

SAN FRANCISCO & FORT WORTH, Texas--(BUSINESS WIRE)--May 7, 2025-- TPG Inc. (NASDAQ: TPG), a leading global alternative asset management firm, reported its unaudited first quarter 2025 results. TPG issued a full detailed presentation of its first quarter ended March 31, 2025 results, which can be viewed through the Investor Relations section of TPG's website at shareholders.tpg.com.

"TPG's investment performance and financial results for the first quarter continued to demonstrate the strength and durability of our business. As we look ahead, our experience has been that periods of dislocation often create some of the most interesting investment opportunities, and with \$57 billion of dry powder across the firm, we are in a strong position to take advantage of this environment," said Jon Winkelried, Chief Executive Officer. "We also announced yesterday that TPG has agreed to acquire Peppertree Capital Management, a leading specialized digital infrastructure firm with a focus on wireless communications towers. The addition of Peppertree, which underscores our continued focus on strategic growth where we have a natural competitive advantage, will create differentiated investment opportunities for our clients and drive meaningful value for our shareholders."

Dividend

TPG has declared a quarterly dividend of \$0.41 per share of Class A common stock to holders of record at the close of business on May 19, 2025, payable on June 2, 2025.

Forward Looking Statements; No Offers

This document may contain "forward-looking" statements. Forward-looking statements can be identified by words such as "anticipates," "intends," "plans," "seeks," "believes," "estimates," "expects" and similar references to future periods, or by the inclusion of forecasts or projections. Examples of forward-looking statements include, but are not limited to, statements we make regarding the outlook for our future business and financial performance, estimated operational metrics, business strategy and plans and objectives of management for future operations, including, among other things, statements regarding expected growth, future capital expenditures, fund performance, dividends and dividend policy, and debt service obligations.

Forward-looking statements are based on our current expectations and assumptions regarding our business, the economy and other future conditions. Because forward-looking statements relate to the future, by their nature, they are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict. As a result, our actual results may differ materially from those contemplated by any forward-looking statements. Important factors that could cause actual results to differ materially from those in the forward-looking statements include the inability to recognize the anticipated benefits, or unexpected costs related to the integration, of acquired companies; our ability to manage growth and execute our business plan; and regional, national or global political, economic, business, competitive, market and regulatory conditions and uncertainties, among various other risks discussed in the Company's SEC filings.

For the reasons described above, we caution you against relying on any forward-looking statements, which should be read in conjunction with the other cautionary statements included elsewhere in this document and risk factors discussed from time to time in the Company's filings with the SEC, which can be found at the SEC's website at <http://www.sec.gov>. Any forward-looking statement in this document speaks only as of the date of this document. Factors or events that could cause our actual results to differ may emerge from time to time, and it is not possible for us to predict all of them. We undertake no obligation to update or revise any forward-looking statement after the date of this document, whether as a result of new information, future developments or otherwise, except as may be required by law. No recipient should, therefore, rely on these forward-looking statements as representing the views of the Company or its management as of any date subsequent to the date of the document.

This document does not constitute an offer of any TPG fund.
