Forward-Looking Statements

This announcement may contain forward-looking statements based on TPG's beliefs and assumptions and on information currently available to TPG. Forward-looking statements can be identified by words such as "anticipates," "intends," "plans," "seeks," "believes," "estimates," "expects," and similar references to future periods, or by the inclusion of forecasts or projections. Examples of forward-looking statements include, but are not limited to, statements TPG makes regarding the terms of the public offering, the outlook for our future business and financial performance, estimated operational metrics, business strategy, and plans and objectives of management for future operations, including, among other things, statements regarding expected growth, future capital expenditures, fund performance, dividends and dividend policy, and debt service obligations.

Forward-looking statements are based on TPG's current expectations and assumptions regarding its business, the economy and other future conditions. Because forward-looking statements relate to the future, by their nature, they are subject to inherent uncertainties, risks, and changes in circumstances that are difficult to predict. As a result, TPG's actual results may differ materially from those contemplated by the forward-looking statements. Important factors that could cause actual results to differ materially from those in the forward-looking statements include the inability to complete and recognize the anticipated benefits of the acquisition of Peppertree Capital Management on the anticipated timeline or at all; purchase price adjustments; unexpected costs related to the transaction and the integration of the Peppertree business and operations; TPG's ability to manage growth and execute its business plan; and regional, national, or global political, economic, business, competitive, market, and regulatory conditions, among various other risks. These factors should not be construed as exhaustive and should be read in conjunction with the other cautionary statements and risk factors discussed from time to time in the Company's filings with the SEC, including, but not limited to, those described under the section entitled "Risk Factors" in our Annual Report on Form 10-K filed with the SEC on February 18, 2025 and subsequent filings with the SEC, which can be found at the SEC's website at <http://www.sec.gov>.

For the reasons described above, TPG cautions you against relying on any forward-looking statements, which should also be read in conjunction with the other cautionary statements that are included elsewhere in this announcement and related public filings. Any forward-looking statement made by TPG in this announcement speaks only as of the date on which TPG makes it. Factors or events that could cause actual results to differ may emerge from time to time, and it is not possible for TPG to predict all of them. TPG undertakes no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future developments, or otherwise, except as may be required by law. No recipient should, therefore, rely on these forward-looking statements as representing the views of the Company or its management as of any date subsequent to the

date of the document.

This announcement does not constitute an offer to sell or the solicitation of an offer to buy any securities or an offer of any TPG fund.
