Prospectus Summary, page 1

In response to prior comment 4, please provide a description, early in the Prospectus, as to why you are an "alternative" asset manager, as distinct from non-alternative asset managers. If you believe that you are distinct from other asset managers because of the way your business is organized, but are not otherwise distinct, clarify that in the disclosure. Also, provide us with support for your statement that you have delivered attractive risk-adjusted returns or revise to state that as a belief. Similarly provide us support for your statement that you have a distinctive approach and innovative platforms, or revise to state

those as beliefs as well. Jon Winkelried
